

Dapp & Mapp

Initialization and Mocked Data

Jean-Pierre Kocher

Sep-2026

Dapp: Initialization

If Dapp opens with a registration window

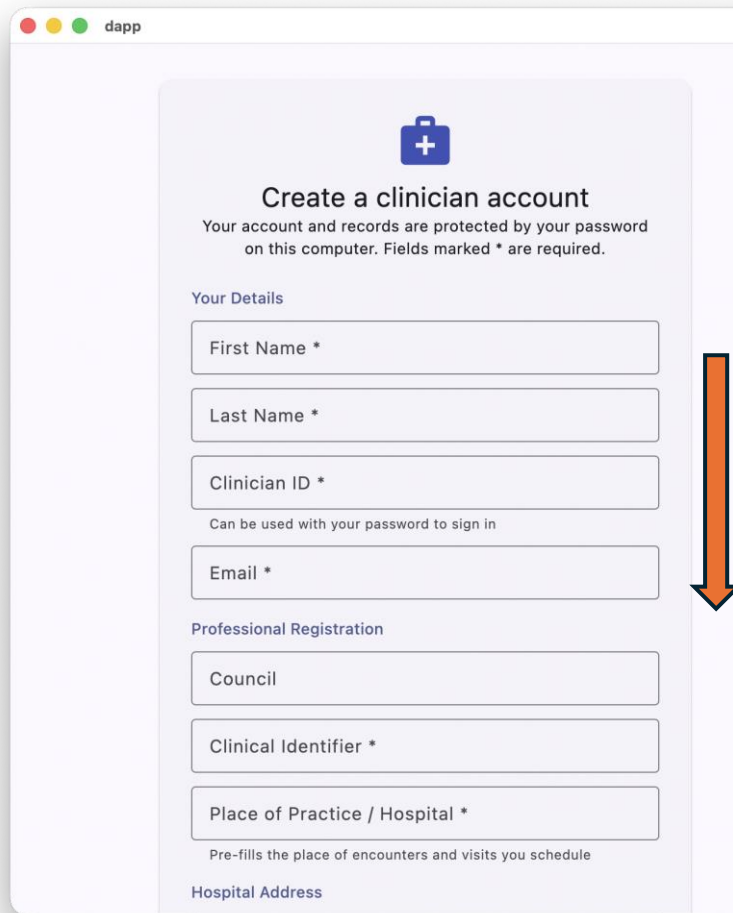

- scroll down
- select "Reset All Data"
- then select "Erase Everything"

Dapp is now loaded with a set of mocked data related to a clinician named 'Peter Pan'

The logging window will open

- the clinician ID is 123456
- the password is 123456

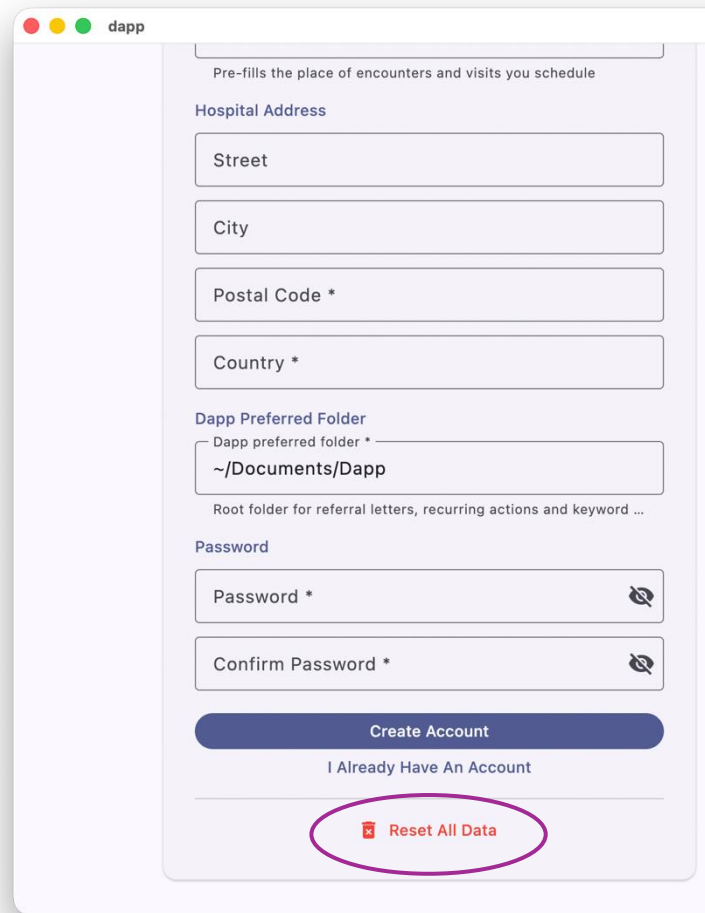

registration window

A screenshot of the 'Create a clinician account' registration window. The window has a title bar with three colored dots (red, yellow, green) and the text 'dapp'. The main content area has a blue medical bag icon at the top. Below the icon is the title 'Create a clinician account' and a subtitle 'Your account and records are protected by your password on this computer. Fields marked * are required.' The form is divided into two sections: 'Your Details' and 'Professional Registration'. The 'Your Details' section contains four input fields: 'First Name *', 'Last Name *', 'Clinician ID *', and 'Email *'. Below the 'Email *' field is a note 'Can be used with your password to sign in'. The 'Professional Registration' section contains three input fields: 'Council', 'Clinical Identifier *', and 'Place of Practice / Hospital *'. Below the 'Place of Practice / Hospital *' field is a note 'Pre-fills the place of encounters and visits you schedule'. At the bottom of the form is a section titled 'Hospital Address'.

The window has a title bar with three colored dots (red, yellow, green) and the text 'dapp'. The main content area has a blue medical bag icon at the top. Below the icon is the title 'Create a clinician account' and a subtitle 'Your account and records are protected by your password on this computer. Fields marked * are required.' The form is divided into two sections: 'Your Details' and 'Professional Registration'. The 'Your Details' section contains four input fields: 'First Name *', 'Last Name *', 'Clinician ID *', and 'Email *'. Below the 'Email *' field is a note 'Can be used with your password to sign in'. The 'Professional Registration' section contains three input fields: 'Council', 'Clinical Identifier *', and 'Place of Practice / Hospital *'. Below the 'Place of Practice / Hospital *' field is a note 'Pre-fills the place of encounters and visits you schedule'. At the bottom of the form is a section titled 'Hospital Address'.

logging window

A screenshot of the 'Dapp 1.12.0+19' login window. The window has a title bar with three colored dots (red, yellow, green) and the text 'dapp'. The main content area has a blue medical bag icon at the top. Below the icon is the title 'Dapp 1.12.0+19' and a subtitle 'Sign in to your clinician account'. The form contains two input fields: 'Clinician ID Or Email' with the value '123456' and 'Password' with the value '.....'. Below the input fields are two buttons: 'Sign In' and 'Create A New Account'. At the bottom of the form is a link 'Reset All Data'.

Clinician ID: 123456
Password: 123456

Mapp: Initialization

If Mapp opens with a registration window

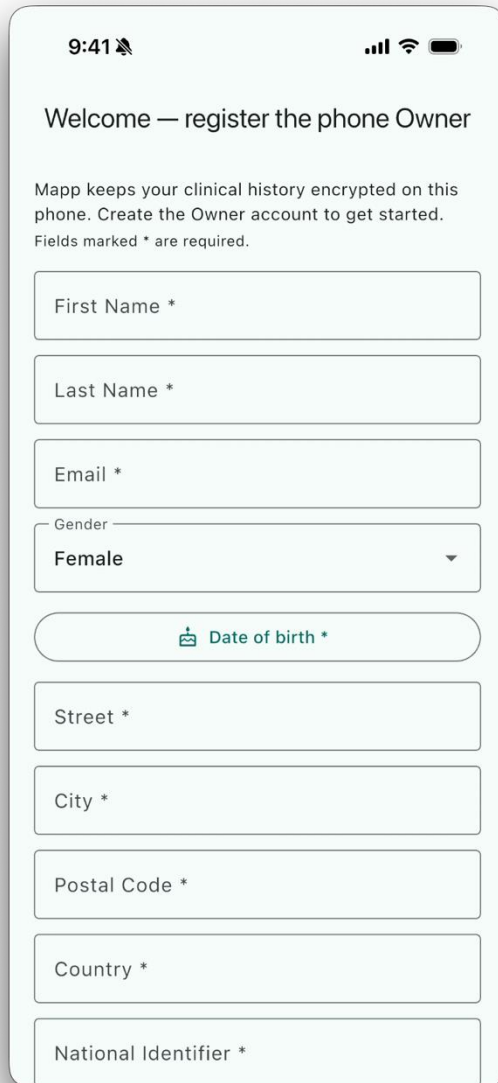

- scroll down
- select "Reset with demo data"

Mapp is now loaded with a set of mocked data related to a patient (John Doe) and its family

The logging window will open

- the password is 123456

registration window

9:41

Welcome — register the phone Owner

Mapp keeps your clinical history encrypted on this phone. Create the Owner account to get started.
Fields marked * are required.

First Name *

Last Name *

Email *

Gender
Female

 Date of birth *

Street *

City *

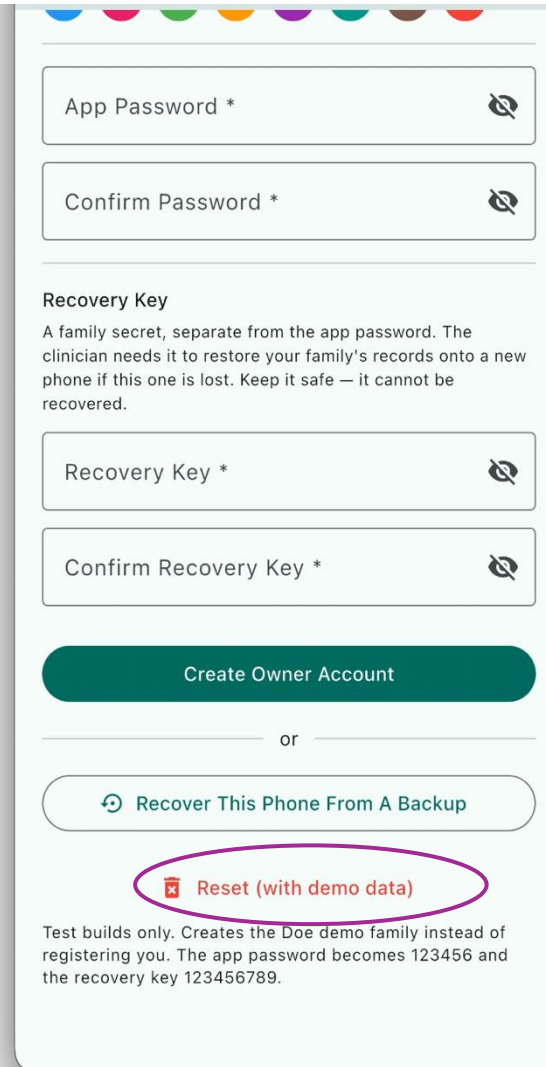

Postal Code *

Country *

National Identifier *

App Password *

Confirm Password *

Recovery Key
A family secret, separate from the app password. The clinician needs it to restore your family's records onto a new phone if this one is lost. Keep it safe — it cannot be recovered.
